

PEACE OF MIND™ IVF MULTI-CYCLE DISCOUNT PROGRAM*

BUY 2, GET 1 FREE!
\$19,475 X 2 = \$38,950*

You won't find a package like this anywhere else. This program includes 2 discounted IVF cycles (normal price for one is \$24,838) with biopsy for PGT (Preimplantation Genetic Testing for Aneuploidies) testing, plus a third cycle for free if medically necessary. And a refund is possible with early success!

\$38,950*

Even with our state-of-the-art technology and best in the PNW rating, sometimes it takes more than one round of IVF to achieve your desired result of a 'take-home' baby. Our goal is to get you pregnant the first time but this package is designed to alleviate patient stress and allows you to keep going until you achieve your goal with up to three retrieval and fertilization cycles.

Once you start treatment, you won't need to pay extra if the embryologist needs to do a necessary procedure to help your embryos fertilize and begin to grow.

Price listed above does not include the following:

- Medication costs
- Diagnostic testing before the start of your treatment cycle (billed to your insurance if applicable)
- Surgical sperm retrieval, if needed
- Anesthesiologist fees
- Third party genetic lab tests for PGT: Refer to price sheet at financial discussion
- After a positive pregnancy test, your medical insurance should cover additional pregnancy tests, etc.

* All IVF patients are eligible

* No insurance is accepted for this program; full payment is due prior to the start of treatment

* Refund of any unused fees will occur after a 'take-home' baby or program participation is terminated

* No refund if no transfer is possible

* See Peace of Mind™ agreement for what is and isn't included in the program

Overlake Reproductive Health, Inc., P.S.
