

PEACE OF MIND™ 100% REFUND PROGRAM*

OWN EGGS

For patients that qualify, this package includes up to 4 egg retrieval/fertilization cycles, biopsy for PGT-A (Preimplantation Genetic Testing for Aneuploidies) and unlimited embryo transfers until a “Take-Home” baby is achieved or 100% of your money back!*

\$38,950*

Even with our state-of-the-art technology and best in the PNW rating, sometimes it takes patients more than one round of IVF to achieve the desired result of a take-home baby. This Peace of Mind Package™ puts the burden on us to get you pregnant with a viable pregnancy or we refund all your money.* We’ve helped hundreds of families with this program and still, as of this date, there’s not another clinic in the PNW offering anything close to our 100% refund package.

Once you start treatment, you won’t need to pay extra if the embryologist needs to do a necessary procedure to help your embryos fertilize and begin to grow.

Price listed above does not include the following:

- Medication costs
- Diagnostic testing before the start of your treatment cycle (billed to your insurance if applicable)
- Surgical sperm retrieval, if needed
- Anesthesiologist fees
- Third party genetic lab tests for PGT: Refer to price sheet at financial discussion
- After a positive pregnancy test, your medical insurance should cover additional pregnancy tests, etc.

Package Details:

- * Subject to eligibility
- * No insurance is accepted for this program; full payment is due prior to the start of treatment
- * No refund with the birth of a ‘take home’ baby
- * Refund does not include additional fees listed below or third-party costs we’ve accrued
- * Refund does not include medication costs
- * See Peace of Mind™ agreement for what is and isn’t included in the program
